Hi LaTonya: (per your request from Senator McCaskill's Office)

A Community Advisory Group (CAG) has been formed on behalf of the West Lake Landfill Superfund Site. I have attached the EPA guidance that supports CAGs, as well as some specific information about the West Lake CAG, and the proposed agenda for next Tuesday.

Chair.....Mr. Doug Clemens

Vice- Chair.....Mr. Bob Nowlin

CAG makeup/representation.....Senator McCaskill's office

Senator Blount's office

Congressman Clay's office

responsible parties (PRPs)

Representatives from the potentially-

Local residents

Local churches, academia, small businesses

EPA & ATSDR

The meetings will be held on the 4th Tuesday of every month.

There is another large group that EPA acknowledges that works in concert with the CAG. It is made up of local activists, the Missouri Coalition for the Environment, the Facebook followers, and others who are not necessarily within the defined parameters of the Superfund Site, i.e., from the City of St. Louis, and other cities nearby. This group meets weekly on Thursday evenings.
